

Tandem parachute jump **- In the rush of emotions**

A tandem jump gives everyone the opportunity, the feeling of free fall from a height up to 4000 meters above ground.

The free fall from the sky for you will also be a unique and fascinating experience.

If you have not yet dared to make a solo jump, then a tandem jump with an experienced tandem pilots might be the best and safest entry into this sport.

There is no prior knowledge or a medical certificate of fitness required.

There are few requirements, you have to meet:

- Height 140 cm
- Body weight below 90 kg

After an intensive introduction to the jump procedures, you will do your first jump right on the spot.

With an experienced and certified tandem pilot and an individual adjusted passenger harness, you are ready to experience the free fall at a speed of 200 km.

After a 35 - 50 sec freefall tandem pilot opens the parachute at 1500 m over the airfield Trier-Föhren.

Then you glide with the parachute with a beautiful view over the Moselle, the surrounding area with its famous vineyards. You will make a soft touch-down precisely in the intended landing zone.

More than thousand people have experienced skydiving this way in Trier-Föhren in the recent years, the initial experience in a different sports world make this such an unforgettable experience.

On request, the event can be filmed by photo or video. An experience from which you dream for a long time, or even the beginning of a new sport.

A tandem jump can give you in the form of a voucher.

The perfect gift idea for birthdays, anniversaries, Christmas or wedding.

Price: 200 Euro

On request a discount is granted for groups of three people.
